Front Cover

Meet Skin Inc Multi-Action Collagen Black Mask series.

The only masks that detoxify, repair and replenish skin.

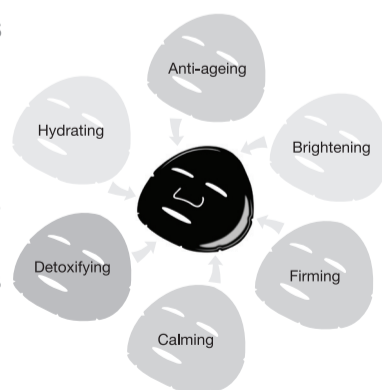

Our Multi-Action Collagen Black Mask series features a unique hydrogel that contains collagen, moisturisers and natural extracts to bring out the best in your skin.

This new mask series features 3 masks for the entire face, eye orbital area and neck to ensure complete care for a radiant looking you.

Why are they black? A key ingredient is sea mud or "ooze" that is found deep in ocean beds. This gives the masks its distinctive colour and detoxifying effect.

After use, skin is immediately firmer and visibly moisturised.

Skin tone is brightened and fine lines are softened, due to the replenishment of lost collagen and moisture.

The wonder of active ingredients condensed in one Collagen Black Mask offers 10 times more moisture and nutrients than that of ordinary masks. These ingredients are gradually dissolved and absorbed directly by your skin cells, providing supplementary elements such as collagen, natural moisturising factor and plant extracts.

Collagen Face Mask

Enjoy a refreshing "face lift" with our Multi-Action Collagen Face Mask in just 20 minutes! Covering the entire face, this mask empowers busy urbanites to enjoy an all-over facial treatment for sensational skin, fuss-free.

Collagen Eye Mask

Treat the delicate skin around the eyes with our Multi-Action Collagen Eye Mask. This refreshing mask provides complete eye care, firming the skin under the eyebrows which is prone to sagging, removing makeup stains, while simultaneously reducing puffiness, smoothing out fine lines and lightening dark circles.

Collagen Neck Mask

We often focus our attention on our face, overlooking the neck which is one of the most neglected areas on our bodies. A vital care-zone to ensure looking your best at any age, keep your neck smooth and firm with our unique and targeted Multi-Action Collagen Neck Mask that prevents and treats the signs of ageing.
